DETAILED ACTION

Election/Restrictions

1. Newly submitted claims 1-2, 4, 7-16 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: they are drawn to the species of Figures 20-21. This alternate embodiment was not recited in the original claim set.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-2, 4, and 7-16 are hereby withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claim 23 is rejected under 35 U.S.C. 102(b) as being anticipated by Thorndyke.

For claim 23, Thorndyke (4,960,353) discloses a load securing device with which a flexible tie down 22 is engaged to secure a load to an object, the load securing device comprising: a first mandrel 72 that is substantially rigid; a second mandrel 36 that is substantially rigid; and a flexible linkage (or row of passages 14) joining the first and second mandrels to one another. The linkage is flexible in that the mandrels can be adjusted and spaced relative to one another.

Allowable Subject Matter

4. Claims 5-6 and 17-22 are allowed.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hilary Gutman whose telephone number is 571-272-6662.
